Eau de Toilette for Men 75ml

A Woody, Aromatic Fragrance

The essence of a down-to-earth man with affirmed values, encapsulated in an understated, dignified bottle, just like the man himself. With every drop, the intoxication of life develops into a charismatic depth.

A bright and vibrant opening blends the sparkling freshness of citrus with aromatic sage, enhanced by subtle spicy nuances. The heart reveals a delicate contrast between the floral softness of jasmine and the radiant, fruity brightness of pineapple, adding a sun-kissed and dynamic touch. In the base, the woody strength of cedar and sandalwood harmonizes with the smooth depth of tobacco, while amber diffuses a captivating warmth, leaving behind a refined and charismatic trail.
