# SUN JAVA WHITE WOMEN

Eau de Parfum 50ml

## A Floral, Fruity Fragrance

A white-hot sun that unveils itself deliciously in a bottle in its own image. A summer explosion that recalls the warmth of happy carefree days.

Blackcurrant, peach and melon provide sweet, fruity top notes with the zest of subtle lemon and apple at this feminine fragrance. The floral heart notes combine sweet smelling jasmine, lily, magnolia and turkish rose. The base is warmer, with a delicious combination of musk and amber.
